The 24 hour classroom!

Learning English theory and putting it into practice simultaneously is the objective of this intensive, but not unpleasant, programme! Hosted by a warm and welcoming Irish family, who they will have chosen themselves, and whose daily life they will share, they will be given tailor-made private lessons by their teacher, who is also a member of the family. In this way they will be able to practice the language and progress throughout their stay with complete confidence, immersed in the sounds that will quickly become familiar. This is an effective formula that has proved its worth!
